

Tinder Joins Sally Kohn on a Mission to End Hate

Tinder is partnering with Sally Kohn as she launches her new book, "[The Opposite of Hate](#)," with two star-studded karaoke events in New York and Los Angeles

LOS ANGELES, April 4, 2018 /[PRNewswire](#)/ -- The world's most popular app for meeting new people, [Tinder](#), has teamed up with renowned author, political commentator and progressive activist, Sally Kohn, for the release of her new book, "[The Opposite of Hate](#)."

With millions of fans between them, Tinder and Sally Kohn will celebrate their mission to end hate by hosting two star-studded karaoke events in New York and Los Angeles, with party co-chairs Katy Perry and Shonda Rhimes.

"In my fight to champion acceptance, equality and inclusivity, it was imperative for me to partner with a brand whose mission is to bring people with diverse backgrounds together, and Tinder was the obvious choice," said Sally Kohn. "With their massive and diverse user base, Tinder has facilitated more new connections among people from all walks of life than any other platform in the world."

"As one of the world's leading social platforms, our global user base is representative of many backgrounds and lifestyles," said Tinder's Head of Brand, Rosette Pambakian. "Tinder's mission is to be radically inclusive and advocate for acceptance, which perfectly aligns with Sally's unwavering dedication to perpetuate love and end hate. We are proud to stand with her in spreading this message and promoting her new book."

In "[The Opposite of Hate](#)," Kohn talks to leading scientists and researchers, investigating the evolutionary and cultural roots of hate while highlighting how we can ultimately end hate one step at a time.

While Sally Kohn is impacting the lives of her readers, Tinder is working to make the world a more inclusive place one initiative at a time. From launching [More Genders](#) (introducing more than 30 genders and the ability for members to identify in the way that best describes their gender) to petitioning Unicode to create an [Interracial Couple Emoji](#), Tinder is working to ensure that all its members are represented and accepted.

The parties will take place on Friday, April 6 in New York at The Guggenheim Museum and Saturday, April 27 in Los Angeles at GIPHY Studios.

About Sally Kohn & *The Opposite of Hate*

CNN's Sally Kohn has a talent for making friends across the political aisle. While establishing herself as a leading progressive voice as a commentator on Fox News, she went head-to-head with her colleagues on divisive issues, engaging in heated arguments but also developing unexpected friendships. But since the 2016 election and the epidemic of hate that surrounded it, Kohn began to wonder: Where did all this hate come from and how can we get beyond it?

Drawing upon cutting-edge research from psychology, sociology, and the neurosciences, and from examples in history and even today's twitter trolls, Kohn uncovers the evolutionary and cultural roots of hate in its most subtle and obvious forms--from implicit bias to racism to genocide. She travels across the country and worldwide for exclusive interviews with fascinating and inspiring people who have left hate behind, including a former white supremacist who is now a practicing Buddhist and a former Palestinian terrorist who now works with Israelis to forge understanding and peace. With her trademark humor, intelligence, and wit, Kohn boldly confronts her own prejudices and suggests that we all share some responsibility. She offers concrete tools for combating the crisis of hate sweeping our nation, showing readers the power of connection and our shared humanity.

At a moment when bitter partisan politics have divided Americans, *The Opposite of Hate* is a thought-provoking and ultimately hopeful look at one of the most pressing issues of our time.
